New Rails for the L. E. & W.

From the piles of new rails being unloaded for the Lake Erie & Western it is evident that this road is to be greatly improved this season. They are the "green end" sort, indicating what are called 95-pound rails, which is heavier than this road has heretofore used. The increased business being sent over this line makes this necessary, as the old rails are too light, as was shown by the wreck north of the city two weeks ago.

Capon de Lal Belgian Stallion, wt. 2160 lbs., known as black Kepler horse, will make season at stables of Herb Gibson, 825 So. Michigan St. Phone 494. w25

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hessheimer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They give pure blood, strong nerves, good digestion. Only 50 cents at L. Tanner's and Fred Wenzler's.
